SELECTIE VAN DE JOURNAL CLUB VOOR JANUARI 2015.

REVIEWS EN OVERZICHTSARTIKELS

In the beginning, there was general paediatrics ....

Paediatric non-alcoholic fatty liver disease: a practical overview for non-specialists.

A diagnostic approach to recurrent myalgia and rhabdomyolysis in children.

The congenital cranial dysinnervation disorders.

Preventive Intervention Efficacy, Development, and Neural Plasticity.

Non-operative advances: What has happened in the last 50 years in paediatric surgery?

The urgent matter of online pro-eating disorder content and children: clinical practice.

How Health Information Technology Is Failing to Achieve Its Full Potential.
Carroll AE. JAMA Pediatr. 2015 Jan 12.

How to perform a critical appraisal of diagnostic tests: 7 steps.

The intestinal microbiota: its role in health and disease.

A Practical Approach to Classifying and Managing Feeding Difficulties.

Bullying and Suicidal Ideation and Behaviors: A Meta-Analysis.

The Recommendation for Rest Following Acute Concussion.

Origins of cystic fibrosis lung disease.

Restoring synaptic connections in the inner ear after noise damage.
**KLINISCHE STUDIES**

The effects of estradiol on mood and behavior in human female adolescents: a systematic review.

Periodic limb movements during sleep are associated with a lower quality of life in children with monosymptomatic nocturnal enuresis.

Causes and timing of death in extremely premature infants from 2000 through 2011.

Is the childhood obesity crisis over in England?

Tobacco smoke in infants with bronchopulmonary dysplasia.

Urinary tract infection in infancy is a risk factor for chronic abdominal pain in childhood.

Morphine Versus Clonidine for Neonatal Abstinence Syndrome.

Morphine or Ibuprofen for Post-Tonsillectomy Analgesia: A Randomized Trial.

A Comparison of Acute Treatment Regimens for Migraine in the Emergency Department.

Exploratory study of bed-sharing and maternal-infant bonding.

Quality of life prediction in children with joint hypermobility syndrome.

Neonatal status epilepticus: Differences between preterm and term newborns.

Quality of Life and Obstructive Sleep Apnea Symptoms After Pediatric Adenotonsillectomy.

Age at Gluten Introduction and Risk of Celiac Disease.

**Discrepancies Between Transcutaneous and Serum Bilirubin Measurements.**

**Transcutaneous Bilirubin Measurement: Does It Work in the Real World?**

**Risk for Cerebral Palsy in Infants With Total Serum Bilirubin Levels at or Above the Exchange Transfusion Threshold: A Population-Based Study.**

**Unbound Unconjugated Hyperbilirubinemia Is Associated with Central Apnea in Premature Infants.**

**A Balanced Protocol for Return to School for Children and Youth Following Concussive Injury.**

**Academic Performance among Children with Inflammatory Bowel Disease: A Population-Based Study.**

**Alterations in the trapezius muscle in young patients with migraine - A pilot case series with MRI.**

**Childhood Wrist Circumference Is Not a Predictor of Insulin Resistance in Adulthood.**

**Children with Down Syndrome Are High-Risk for Severe Respiratory Syncytial Virus Disease.**

**Patterns of bruising in preschool children-a longitudinal study.**

**Behaviour and development in 24-month-old moderately preterm toddlers.**

**Normal saline flushes performed once daily maintain peripheral intravenous catheter patency: a randomised controlled trial.**

**Susceptibility to measles, mumps, and rubella in 5-year-old children in Flanders, Belgium.**

**Celiac Disease Can be Predicted by High Levels of Anti-Tissue Transglutaminase Antibodies in Population-Based Screening.**

**Prevalence of Functional Gastrointestinal Disorders in Infants and Toddlers.**

No Effect of Proton Pump Inhibitors on Crying and Irritability in Infants: Systematic Review of Randomized Controlled Trials.

Combined and alternating acetaminophen and ibuprofen therapy for febrile children.

PROTOCOLLEN EN RICHTLIJNEN EN EVIDENCE BASED PEDIATRICS

Inhaled corticosteroids and growth: still an issue after all these years.

Therapeutic guidelines for prescribing antibiotics in neonates should be evidence-based: a French national survey.

Development of Hospital-Based Guidelines for Skeletal Survey in Young Children With Bruises.

Evidence based diagnosis and treatment of functional constipation: "Are we there yet?"

Increasing the use of influenza vaccines in children with egg allergy.

CASUÏSTIEK

Hemiscrotal Hematoma in the Newborn-Don't Forget Adrenal Hemorrhage.

Benign intermittent upbeat nystagmus in infancy: A new clinical entity.

Case 1: Hyperpigmented swirlly patches in a toddler.

Case 2: An 11-year-old girl with aggressive behaviour and intellectual impairment.
Omar J, Agarwal R, Serajee F.
